Features

Hot Wonder is a user-friendly and versatile unit that can be used to dispense and keep beverages at a constant hot temperature.

Its 5-litre transparent bowl is durable and voluminous, and can be fully removed making cleaning easy.

Hot Wonder is equipped with a polysulfone mixing system preventing products from depositing on the bottom, thus ensuring product consistency.

Thanks to its patented double-thermostat system, the aluminum heating plate assures proper temperature distribution (up to 90°C).

The equipment is supplied with two delivery nozzles, for dense or fine products.

Selling Point

Transparent bowl (impulse buying)

Double dispensing nozzle

Product anti burn plate

Bowl removable with product inside

Double thermostat

Agitator to avoid product depositing on the bottom
